FW: PH FS Revision Process  
FW: Portland Harbor - EPA proposals to Revise FS Process  
Fwd: FS process revision

Dennis and Cami: For today's call, we thought it would be useful to forward to you the following three emails from 2014, which you may not have seen. One of these, from Lori Cohen on December 18, forwards the final FS process agreement, including the flow chart that shows "LWG Dispute Informal & Formal under AOC" leading to "Final FS." A second, from Lori Cohen on November 26, shows the EPA-proposed revisions that led to the single opportunity for disputing the FS at the very end of the process. Notably, Lori thanks the LWG Senior Managers for our willingness and openness to considering the EPA proposed revisions. A third, from Lori Cora on June 5, explains the opportunities for dispute resolution during the FS process under the original June 2014 version of the agreement.

We look forward to our discussion later this morning. We remain hopeful and optimistic.  
Jessica
